I regularly volunteer behind the scenes to support my children's activities, helping with tasks such as cleanup, setup, scorekeeping, and making sure children have their belongings.

What do you think that you contribute to the Sandy Creek Central School District?

I bring a strong commitment to our community, a compassionate perspective, and an open-minded approach to listening and problem-solving to the Sandy Creek School District and Board of Education.

What is/has been your vision for the Sandy Creek Central School District?

My vision for the Sandy Creek Central School District is to ensure that every child, regardless of background, is celebrated, supported, and given the opportunity to reach their full potential. I believe every student should be empowered and recognized throughout their educational journey at Sandy Creek Central, both inside and beyond the traditional classroom and supported as they pursue their chosen path after graduation, whether that leads to college, the workforce, the armed services, or a skilled trade.

What motivated you, and why have you run for the school board member seat?

My motivation for running for a seat on the School Board is my desire to play a more active role in supporting and strengthening our school district, ensuring its continued success and building a school community we can all be proud of.
