Budget Hearing

Thursday,

May 8, 2014

6:00 p.m.

Sandy Creek District
Office Board Room

Dear Community Member:

The purpose of this publication is to provide you with the necessary information relating to the upcoming school year (2014-2015) expenditure plan so that you may make an informed decision when you vote on May 20, 2014. The 2014-2015 proposed expenditure plan reflects several months of planning, cost analysis and administrative deliberations. The Board of Education and Administration have been working with an overall objective of keeping school taxes level but continuing to offer a quality educational program for our children.

Education in New York State has been and continues to face unprecedented financial pressure. The decreases in state and federal funding opportunities, increases in pension and healthcare costs, combined with the new property tax cap legislation, continues to force districts across the state to make very difficult choices. Fortunately, Sandy Creek has planned for such poor economic times. The use of established reserves and fund balance has become ever more important.

On April 10, 2014 the Sandy Creek School Board of Education voted to accept a spending plan of \$23,142,881 which represents a spending increase of 5.11%. However, through cautionary use of our reserves and appropriated fund balance, our estimated tax levy will increase by 0.93%. This will be the second instance since the school year 2006-2007 that the tax levy has not decreased or remained at 0% change. We understand the importance of maintaining a constant non-fluctuating level of taxation for our taxpayers and for that reason, the Board of Education and Administration felt it prudent to align the District's tax levy with the Governor's new property tax cap legislation. Since the District met the requirements of the new property tax cap the taxpayers will be eligible to receive the rebate of the full increase in tax, estimated at 0.93%, in the fall after the tax has been levied.

While this expenditure plan does reflect staffing reductions, we have made these changes based on student needs and not solely for fiscal reasons. As our enrollment continues to decline, we have adjusted our staffing accordingly and have maintained appropriate class sizes that you, the community member, have become accustomed to.

Please join us for the public hearing on the 2014-2015 expenditure plan on Thursday, May 8, 2014 at 6:00 p.m. in the District Office Board Room.

Sincerely,

Brian MacVean
President, Board of Education

Stewart R. Amell
Superintendent of Schools
